\$5,000 for the New Innovative Learning Center

The Candler County Foundation for Public Education has presented the Candler County Schools with a check for \$5,000 for use at the new Innovation Center, located at the soon-to-open Pre-K through 8th-grade complex. "The grant funds awarded by the Foundation for Public Education in Candler County are greatly appreciated and will assist us in fulfilling our mission to have a flexible 21st Century learning space for students to engage in high rigor, high relevance projects based on diverse learning styles for those students who master standards early," said Assistant Superintendent CaDeisha Cooper.
